### ADVOCATES BIG NAVY

Congressman C. Bascom Slamp, however, Opposes Maintaining Large Continental Army.

[Special to The Times-Dispatch.] BRISTOL, VA., October 29.—Representative C. Bascom Slamp, of the Ninth Virginia District, was a visitor here today, having arrived from the Kentucky and Virginia coal fields. After commenting upon the present business revival, which he said was dependent largely upon the European war for its continuance, he said, concerning the administration's plan for national defense.

"I am in favor of making our navy the equal of the best in the world. Such a navy is needed if we are to protect our rights upon the high seas and maintain our now rapidly growing foreign commerce. I am, however, opposed to any plan that contemplates maintaining a large continental army."

### CONSIDERING CHANGES IN FEDERAL RESERVE ACT

Members of Board Will Lay Several Amendments Before Next Congress.

WASHINGTON, October 29.—Members of the Federal Reserve Board are considering several amendments to the Federal reserve act, which probably will be laid before the next Congress.

Most of the proposed amendments are of a technical nature, designed to strengthen the system and to correct such mistakes in the original law in the light of a year's experience. One of the more important would change the law so that acceptances based upon domestic and commercial transactions may be handled by Federal reserve banks. Only acceptances on imports or exports can be taken now.

Another amendment would require member banks of the reserve system immediately to pay in their contributions to the capital stock of their reserve bank and deposit the total amount of reserves, instead of spreading these operations over a period of thirty-six months, as the existing law provides.

Reports of the Controller of the Currency show that the banks of the country are in excellent shape, and it is regarded as probable that they could meet such new requirements, which would increase the resources of the twelve Federal banks by several hundred million dollars, without interfering with current business.

### CHINESE PREMIER QUILTS. SAYS PEKING DISPATCH

WASHINGTON, October 29.—Resignation of Hsu-Shih-Chang, Chinese Premier, was announced in an official dispatch received here today from Peking. The reason was not given, but it is presumed here that he is out of sympathy with the proposed change from the republic to a monarchy.

The United States has declined to express any opinion as to whether it approves the proposed change in China from a republic to a monarchy. It became known today that some of the European war, was revived in official quarters by a dispatch announcing the resignation of the Chinese Premier, Hsu-Shih-Chang. This development was regarded as significant, because a few weeks ago the Premier made a public statement saying that as a former official of the Manchian dynasty, he would not serve under another Emperor. The Chinese government itself has not asked for the views of the United States, and officially nothing has been said here on the subject. It is known, however, that privately, the hope is entertained in Washington that the change will not be made. This is based not only upon the natural sympathy for the republican form of government, but because of the belief that the change might affect the political equilibrium of the Far East at this time.

## FATHER IS SHOT BY SON WHILE HUNTING FOR DEER

T. E. Williamson Mortally Wounded When He Is Mistaken for Prey.

### ALLEGED WIFE-DESERTER HELD

William Reynolds, Arrested in Hopewell, Wanted in New York—Tag Day Receipts Gratifying—Death of Mrs. Stribling.

[Special to The Times-Dispatch.] PETERSBURG, VA., October 29.—The funeral of Thomas E. Williamson, aged sixty-one years, who was shot and killed by his son, Junior R. Williamson, early yesterday morning while deer hunting in Southampton County, twelve miles from Emporia, will take place to-morrow morning at 11 o'clock from the residence in North South Street, Rev. J. A. McClure, of the Second Presbyterian Church, will conduct the services.

Mr. Williamson and his son had been stopping at Peter Brockwell's home in Southampton for two days, and early yesterday morning they started out on a deer hunt. The elder Williamson was put on a stand in the woods and was told to remain there. His son was a short distance away. It seems that Mr. Williamson left his stand when the dogs started a deer, supposing that he would be just for game shot. He got caught in the briars and bushes and as he raised up was mistaken for his son, about fifty yards away, for a deer and was shot by the latter. The gun was loaded with No. 3 buck shot, two of which penetrated the father's neck and two his breast near the heart. Mr. Williamson died in half an hour. A coroner's jury held that the killing was accidental, and discharged young Williamson.

**Death of Mrs. Stribling.**  
A telegram received this morning from Martinsburg, W. Va., announced the death at her home there of Mrs. Stribling, mother of Rev. Charles R. Va., had stopped to see his mother on his return trip home, and was with her when she died. Mrs. Stribling and daughter left this morning to attend the funeral.

## DILLWYN FIGHTS TO GET BUCKINGHAM COURTHOUSE

Vigorous Fight Begun to Move County Seat to New Tobacco and Timber Town.

[Special to The Times-Dispatch.] ARVONIA, VA., October 29.—The fight for the removal of the county seat of Buckingham County from Buckingham Courthouse to Dillwyn, the new tobacco and timber town, seven miles east, was vigorously begun last night, when a great meeting of the citizens of Dillwyn and Eastern Buckingham County was held in Dillwyn and preliminary steps were taken to push the project to its conclusion.

The meeting was attended by practically every business man of Dillwyn and many from outside. The attorneys for the project, Messrs. Moon and Pitts, of Scottsville, were on hand to advise in the matter of the steps which should be taken.

Many speeches were made in behalf of the project, and committees were formed with the object of soliciting contributions toward the cost of the removal of the county buildings to Dillwyn. The town of Dillwyn will shortly determine what sum it will contribute to the enterprise.

Several citizens present agreed jointly or severally to donate a site for the proposed buildings. It was realized at the meeting that a tremendous fight would be made by the Buckingham people to prevent the removal of the courthouse, and steps were taken accordingly. It is thought, however, that if the matter is put before the people of the county, after a canvass of both factions, the project for removal will carry overwhelmingly.
